

Pre-conference Seminar at MS4 Pre-Conference Workshop

<http://www.showmeboone.com/stormwater/2012MissouriMS4StormwaterConference.asp>

February 28, 2012

BREC Technology Transfer Center

Bradford Research & Extension Center 4963 Rangeline Road

Columbia, MO 65201

Using Green Infrastructure to Comply with Stormwater Regulations

8:30 a.m. – 8:45 a.m.	Introducing the <i>Missouri Guide to Green Infrastructure: Integrating Water Quality into Municipal Stormwater Management</i> - Ruth Wallace, MS4 Program Coordinator, Missouri Department of Natural Resources
8:45 a.m. – 9:15 a.m.	The Alignment of Green Infrastructure with Voluntary Green Building Standards - Matt Belcher, Certified Green Professional and Principal with Verdatek Solutions will discuss how inclusion and promotion of existing voluntary Green Building Programs will improve your municipal water issues and existing housing stock in a cost effective manner. Specifically, Matt will relate green infrastructure to the National Green Building Standard (ICC-700) and IGCC.
9:15 a.m. – 10:00 a.m.	Green Infrastructure Considerations in Site Analysis, Site Design and Selection of Stormwater Control Measures - William R. Allen P.E., Principal Engineer, Metropolitan St. Louis Sewer District
10:00 a.m. – 10:45 a.m.	Upgrading Ordinances, Review/Approval Processes and Green Incentives - Tom Wellman, City of Columbia Public Works Department
10:45 a.m. - 11:15 a.m.	Entering into Effective Operation and Maintenance Agreements of Stormwater Practices – Jamie Paige, Stormwater Coordinator with the City of Wentzville
11:15 a.m. – 11:30 a.m.	Q&A Panel
